COURT QUASHES  
SUGAR COMBINE

Supreme Tribunal Holds Insti-  
tute's Practices Violate Sher-  
man Anti-Trust Law

## RULING EAGERLY AWAITED

Trade Associations Were  
Doubtful as to Their Status  
Since NRA Was Killed.

By The Associated Press  
WASHINGTON, March 30.—In a  
ruling on one of the most impor-  
tant antitrust suits in recent  
years the supreme court held to-  
day that certain practices of the  
Sugar Institute Inc. violate the  
Sherman act barring restraint of  
competition.

The decision had been awaited  
eagerly by some trade associations  
as a guide to the extent they  
could go toward self-regulation.  
They had wondered about their  
status since the court's invalida-  
tion of NRA.

The unanimous opinion by Chief  
Justice Hughes affirmed with some  
modifications the ruling of Federal  
Judge Julian W. Mack at New  
York that most of the institute's  
practices ran counter to the anti-  
trust act.

Formed in 1876 by 15 cane sugar  
refining companies the institute  
was described by its backers as in-  
tended to eliminate "secret disci-  
minations and other abuses" of the  
industry.

In 1931 the government sued for  
its dissolution, contending the  
members produced from 70 to 90  
per cent of all the refined sugar  
sold in the United States and com-  
petition was curtailed.

Provisions of the Washington  
state law of 1933 imposing occupa-  
tion tax on radio broadcasting were  
held unconstitutional by the court.  
The litigation involved conflict-  
ing claims as to whether the state  
or federal government had jurisdic-  
tion. In a unanimous opinion de-  
livered by Justice Stone the tri-  
bunal reversed the ruling of the  
Washington supreme court approv-  
ing the levy.

The court deferred for at least  
one week its decisions on consti-  
tutionality of the Guffey coal and  
1933 securities acts. It also refused  
to pass at the present time on con-  
stitutionality of the public utility  
holding company act.

VOTES BACKING  
HITLER MOUNT  
TO 99 PER CENT

Der Fuehrer Drafting New Propo-  
sals to Locarno Powers  
Expected To Astound World.

## HAILS PLEBISCITE VICTORY

Ignores Fact Reich Voters Had  
No Chance To Oppose Re-  
militarization Plan.

(Copyright 1936, Associated Press)  
BERLIN, March 30.—Germany's  
endorsement of Adolf Hitler's re-  
militarization of the Rhineland  
mounted to 99 per cent today while  
der Fuehrer turned to drafting new  
proposals to the other Locarno  
powers which political sources in  
Germany would astound the world.

The Nazi propaganda machine  
moving with speed and precision  
swung virtually the entire German  
nation behind Hitler in yesterday's  
election nominally to select a new  
reichstag but actually to approve  
his violation of the Versailles  
treaty and Locarno pact.

Now 99 Per Cent  
An official tabulation of the re-  
turns still incomplete raised Hit-  
ler's percentage from 98.79 to 99  
per cent of the votes cast—the  
greatest endorsement ever given in  
any plebiscite.

Of the 44,854,937 ballots, 44,411,911  
were marked clearly with a cross  
in the circle opposite the name of  
Hitler officials announced. On the  
remaining 543,026 ballots the elec-  
tors either wrote no or otherwise  
made their votes invalid.

In the German view the fact  
that there was no chance to vote  
in opposition but only to take the  
Nazi party list or leave it did not  
detract from the overwhelming  
Nazi triumph.

Der Fuehrer now felt informed  
sources said that whatever he  
might demand from the other pow-  
ers he would demand as the ac-  
ceptant of 67,000,000 Germans who  
commanded him not to yield one  
inch of German territory nor one  
bit of German rights.

No Hint of Contents  
There was no intimation how-  
ever of the exact contents of his  
extensive counter proposals to the  
Locarno powers promised for to-  
morrow in his preliminary reply  
March 24 to the London plan for a  
reconciliation of the Rhineland issue.

Unconfirmed rumors arose that  
Hitler might, notwithstanding Eden  
British foreign secretary that he  
wished to take a few more days to  
complete the draft of these pro-  
posals.

Some Wilhelmstrasse sources ex-  
pressed belief that der Fuehrer  
desired to announce his reply to  
the Locarno nations in the same  
solemn way that he announced  
March 7 the occupation of the  
Rhineland in violation of the  
treaties of Versailles and Locarno.

That would be by calling together  
the new reichstag chosen in dis-  
cuss the old body which was dis-  
solved simultaneously with the  
Rhineland move to permit the  
plebiscite on Hitler's policies.

This new body of some 740 Hitler  
followers as compared to 662 rep-  
resentatives in the last reichstag must  
assemble soon in any event to  
constitute itself and to take the  
oath of allegiance to its Fuehrer.

Armed Bandits Kidnap  
Bucyrus Theater Head

Release Him on Country Road After Futile Effort To  
Effect Safe Robbery

Special to The Star  
BUCYRUS, March 30.—Two armed  
bandits kidnaped Harry White, an  
assistant manager of the new Schine  
theater here shortly after midnight  
today and attempted to force him

to return to the theater and open  
the safe for them.  
When he convinced the pair he  
did not know the combination they  
bound his wrists and released him  
on the Marion Bucyrus road three  
miles south of Bucyrus. Mr. White  
refused to police.

Mr. White had left for his home  
after the final performance last  
night and was walking on East  
Warren street a half block from  
the theater when the men pulled  
up beside him in their automobile.  
Drawing revolvers they forced  
him into the car and demanded  
that he return to the theater and  
open the safe.

After they released him on the  
highway Mr. White walked to a  
nearby residence and telephoned  
police who came after him. Mr.  
White was unable to give an ac-  
curate description of the men and  
their car. They spoke with a for-  
eign accent he said. They made  
no attempt to take his personal be-  
longings.

Industrial Leaders Point to

## OPPOSED BY RAILROADS

Sending Delegation To Fight  
Proposal While Third Group  
Wants Different Course

By The Associated Press  
WASHINGTON, March 30.—Rep-  
resentative of 150 communities  
sought today to convince the army  
engineers a canal from Lake Erie  
to the Ohio river would extend  
its benefits from western Penn-  
sylvania to industrial centers along  
the great lakes.

They were industrial leaders  
and city officials of towns and  
cities from Pittsburgh on down  
the route of the proposed canal  
following the Beaver and Mahoning  
rivers.

Arrayed against them in a hear-  
ing which is expected to occupy  
the army board of engineers sev-  
eral days were railroad spokes-  
men reported to be sending an  
equally large delegation, and advo-  
cates of a canal that would use  
the French creek in western Penn-  
sylvania.

Engineers Give Approval  
The board called the hearing  
after receiving reports from divi-  
sion and district engineers at  
Pittsburgh and Cincinnati that  
the Beaver Mahoning canal was  
advantageous.

Youngstown and nearby Penn-  
sylvania steel and industrial inter-  
ests for 40 years have sought a  
canal that would enable them to  
move raw materials at rates  
cheaper than those the railroads  
charged and last year the army  
engineers recommended a canal  
from the Ohio to Youngstown.

HOFFMAN ASKS  
JUDGES TO PRY  
INTO TESTIMONY

Hopes To Convince Tribunal  
There Is Evidence Support-  
ing Claim of Unfair Trial

## DOUBTS STORIES TOLD

Prisoner's Insistence He Is In-  
nocent Reduces His Chance  
of Winning Mercy.

(Copyright 1936, Associated Press)  
TRENTON, N. J., March 30.—  
With the governor of New Jersey  
fighting determinedly, but none  
so hopefully, to his behalf Bruno  
Richard Hauptmann begged the  
court of pardons desperately today  
to save him from death in the  
electric chair tomorrow night.

Gov. Harold G. Hoffman un-  
changed in his belief that the  
execution at this time of Haupt-  
mann be innocent or guilty,  
will not solve the famous murder  
case, hoped to convince the court,  
which he holds that there is suffi-  
cient evidence to support his re-  
peated charge that Hauptmann  
was unfairly and prejudicially tried  
at Flemington and that the testi-  
mony of some state witnesses there  
was open to serious questioning.

Wants Testimony Preserved  
He sought to convince the per-  
dons court—which is a court of  
mercy rather than of law—that it  
should go over in detail the cir-  
cumstances which have convinced  
him that Jersey justice is endan-  
gered if Hauptmann goes to the  
chair tomorrow night.

He was confident as the court  
met however of being able to con-  
vince the other members that they  
should go into the detailed ream-  
ing which has accented the govern-  
or himself.

The clemency appeals success  
was further threatened because of  
Hauptmann's continuing insistence  
that he is innocent of any con-  
nection with the kidnap murder.  
Ordinarily the court considers  
clemency appeals only when the  
prisoner confesses guilt and begs  
for mercy.

Meanwhile, two more figures en-  
tered the complex case.  
One of the new figures in the mid-  
dle-aged clemencyman was Paul H.  
Wendel was held in jail here. A  
former charge of having murdered  
the baby was filed against him,  
but he issued a statement denying  
any knowledge of the crime, and  
the county prosecutor said he, too,  
was convinced there was nothing  
to warrant prosecution.

The other man—Gaston D. Means,  
former federal agent and now a  
federal prisoner for having fleeced  
Mrs. Evelyn Walsh McLean by pre-  
tending to be an intermediary in  
ransom negotiations with the Lind-  
bergh baby kidnappers—stood self-  
accused by a confession "pur-  
portedly penned in his Leavenworth  
penitentiary cell."

The focus of interest, however,  
turned with increasing brightness  
upon the principal figure Bruno  
Richard Hauptmann despite the  
sudden injection of the new char-  
acters into the case. The ques-  
tion to be answered either by the  
court of pardons or by Gov. Harold  
G. Hoffman was whether Haupt-  
mann would die as scheduled at 6  
o'clock tomorrow night.

The court of pardons was not ex-  
pected to change its former atti-  
tude, which was against clemency.  
The governor professedly was with-  
out power to interfere, his power  
of clemency having expired; but  
he was expected to make a last-  
minute appeal to the court.

# CHURCHES OPEN FOR MEXICANS

Limitation on Number of Priests Still in Effect, However

By The Associated Press  
MEXICO CITY, March 30.—Thousands of Catholic churches throughout Mexico were reopened today after having been closed for more than a year but otherwise there have been no changes in federal or state religious laws and none appeared to be in immediate prospect.

Every one of the country's 20 states and two territories has laws limiting the number of priests allowed to officiate in two states—Tehuacan and Campeche—priests must be married. The church is not allowed to own property or operate schools.

## Headache

"Inside Facts" that may help you...

The first step toward relieving simple headache is to understand its cause. Pain is the cry of over-taxed nerves for relief. And when we realize that the nerves spread throughout every part of the body (see head diagram) we understand how serious a nervous disturbance can be.

In selecting a remedy for headache, period pain, and other nerve pain, the one that soothes the tense nerves is Capudine. It is easily assimilated for simple headache, neuralgia, pain, rheumatic or period pain because it relieves high nerve tension and brings welcome relaxation. Also remember that Capudine is a liquid because it is a liquid—its ingredients are already dissolved. No narcotics or opiates.

## HEADS INQUIRY

Government Owned

The church authorities and all other religious properties in connection with the federal government and administered by the ministry of finance.

In all there are some 5,000 churches in Mexico of which are estimated 1,500 were closed by state governors in 1933 and 1934.

There is no legal basis for this action, the federal government made known it would not oppose the reopening of churches with the exception of those defined by presidential order for use as schools, libraries or offices.

In most of the reopened churches no religious services will be allowed officially because of state laws which restrict the number of priests permitted to officiate in the country to 297—approximately one for each 50,000 Catholics.

Laws Not Enforced  
There are indications, however, that in some parts of the country these laws are not being enforced strictly. For instance, in the federal district only 25 churches are allowed by law to be open for services yet a trip through this city on Sunday shows considerably more than that number crowded with worshippers.

During the present Lenten season long lines of Catholics are seen daily on sidewalks outside of churches in the center of the city waiting to attend services which have not been interfered with in any way by the authorities.

Another aspect of the church problem in attempting to speak religion is illustrated by the presence in San Antonio Tex. of Monsignor Pascual J. Diaz archbishop of Mexico who is conferring with American prelates on establishment of a seminary for the training of Mexicans for the priesthood. The church is forbidden to give religious education in Mexico.

SEEDLINGS PLANTED IN SOUTHERN OHIO

By The Associated Press  
MAHON, O., March 30.—Workers from a dozen Ohio civilian conservation corps camps began today the planting of 1,000,000 seedling trees in 11 southern Ohio counties.

The trees grown at a Marietta nursery from pine seed collected by the CCC boys last year, must be set out before April 15 and Frederick I. Shuttlesworth, assistant state forester who is in charge of the project, said the reforestation would be greater than that accomplished in the state during the entire period from 1933 to the present.

O. S. U. Professor Points to Loss Due to Decrease in Yield Per Acre

By The Associated Press  
COLUMBUS, O., March 30.—Ohio state university has issued a campaign today to help Ohio farmers grow more tomatoes for less money.

The reason Prof. H. D. Brown said was that because of this state's total 300,000 land, because the yield of tomatoes decreased annually from 67 tons per acre to 55 tons.

If the per acre yield can be increased the farmers will get more money the canners will have a better product and the consumers will get better quality tomatoes and tomato products at reduced prices.

Joseph Boyd and R. H. Simon are developing full time to testing soils in order to aid farmers exactly what combination of fertilizers is best for their land. An experimental project has been started to determine factors influencing tomato yields and to perfect more effective disease control methods.

Tomatoes properly produced are a real source of wealth to Ohio farmers and we hope to be able to show them the way to produce them at a profit. Brown declared.

#### Call Bladder.

"What is meant by gall bladder disease? This is a question I am often asked and it is a difficult one to answer. It is a particularly difficult question to answer in a few words because there are so many different kinds and varieties of gall bladder trouble.

The gall bladder is a sac located on the under surface of the liver. It is a reservoir and storage tank for the bile which is manufactured by the liver. It is not absolutely essential to the body's welfare because the bile passes directly into the intestine where it aids in the digestion of food.

But each of us has a gall bladder and like other structures and organs it is prone to disease. Our ancestors traced most of their ailments to the liver and incidentally to the gall bladder. They thought the bile was related to their highest welfare and if they didn't feel well decided the liver was 'out of order.' This gave rise to the common expression 'bilious' a term which covered a multitude of physical ills.

During the past quarter of a century, many new instruments have been invented and certain laboratory tests devised, all of which have helped the doctor accurately to determine the state of the gall bladder. In fact it is now possible actually to visualize its outline by the use of the X-ray.

Infections of the gall bladder, mechanical faults, congenital defects, injuries and tears are now detected by the X-ray. Tumors and other rare disturbances are no longer overlooked. Today the sufferer from otherwise dangerous involvement is saved from disaster by modern science.

As a rule the victim of gall bladder disease complains of heartburn, excessive gas formation, sour taste in the mouth, nausea, and vomiting. There may be marked distress and discomfort, or at least an uncomfortable feeling of fullness shortly after meals. There may be severe or even excruciating pain radiating from the abdomen to the chest and right shoulder.

Bear in mind the disturbance may be due to some dietary indiscretion or to faulty eating habits. Usually the symptoms are easily corrected by diet and medication.

Persistent discomfort demands medical attention. But you must not think that all disturbances of the gall bladder require operation for cure. The treatment needed can only be determined by the doctor who examines you.

Dr. Copeland is glad to answer inquiries from readers who send addressed stamped envelopes with their questions. Address all letters to Dr. Copeland in care of this newspaper. (Copyright 1936 by E. A. Cope.)

### The Stars Say--

For Tuesday, March 31

JUDGING BY the positions of important planets this may be a very active day although not with an entirely welcome or satisfactory liveliness. There may be sudden change or rather devastating or perplexing nature, with some hazards to the possession unless wisely managed. Be careful to maintain the friendship of elders and important institutions, refraining from impulsive and reckless speech and behavior. Private matters also call for discreet handling.

Those whose birthday it is are likely to confront a year of sudden situations of a perplexing or devastating nature. There may be much commotion and excitement, but all should be managed with discretion and calmness.

A child born on this day may be active, energetic and adventurous but impulsive, changeable and unsettled unless given early training and discipline.

New Yorker Wounds Two Other Youths Who Were Taking His Daughter Home.

By The Associated Press  
ROCHESTER, N. Y., March 30.—Infuriated because his 18-year-old daughter was attending a late party, John (Butch) Schenk, 45, shot and killed the girl yesterday and wounded two youths who were taking her home.

The father, a resident of Okla. home beach on the lake front, was captured by a posse of deputies and citizens four hours after the killing in the garage of a friend.

When captured he was armed with an automatic pistol and two high powered rifles. He was a very angry by deputies and taken with out shooting.

The girl, Winifred Schenk, had argued with her father earlier in the evening about rent money. Schenk had taken from her mother. The parents were separated.

Wounded by Schenk were Jack Wehring 20 and Melvin Zeitvogel 21 both of Irondequoit suburb near here.

Miss Schenk was a balling dancer of local reputation having appeared with the Rochester Civic Opera company in a presentation of Carmen last year.

## Canto Club To Sponsor Marion Amateur Contest

An amateur talent contest free to anyone in Marion and nearby counties who wishes to vie for awards which will include a paid appearance at a Marion theater will be held in Marion on Wednesday night, April 25, under the auspices of the Canto club.

An application blank is printed herewith for the convenience of those who wish to enter. Anyone may enter by writing to Robert Swisher, chairman of the club's talent committee at 153 Pennsylvania avenue, giving the name, address and a brief description of the act. All applications must be made before April 15.

In addition to the theater appearance the winner of the contest will receive a cash award and there also will be cash awards for those who place second and third. More than 15 door awards will be given the night of the contest.

Public auditions to select the talent for the final show will be held on April 22 and 24 at the Central Junior High school where the final contest will be held the following week.

The main show will include a pop concert by the Canto club of male voices. The chorus will sing light familiar songs preceding and following the amateur contest.

A minimal admission will be charged for the audition programs and the final contest show.

The ticket committee is composed of H. L. Albright, chairman, Miss Dorothy Briggs, Ernest Hull, G. P. Layman and John Hoffmann.

Other committees appointed are as follows:

Publicity: W. P. Orrell, Treasurer: Berry, chairman; V. G. Blot, C. L. Midiam, talent; Robert Salcher, chairman; Sylvester Lucas, adjudication; John P. Lacey, chairman; Lowell Millam, William Ackerman, door away; Earl Humphman, chairman; Carl Miller, Howard Orr.

### MARION MAN TELLS FLOOD EXPERIENCE

Charles Williams in Coast Guard Service at Louisville

Charles Williams, son of Mr. and Mrs. Charles W. Williams of 888 Commercial street, a member of the United States coast guard stationed at Louisville, Ky., tells of flood conditions at that point in a letter to The Star. Mr. Williams has been in guard service for the last 14 months. The Louisville station is the only inland station in the United States.

At the time the letter was written the river was rising about six feet every 24 hours. The city was in no danger from the high water in trust of the incidents along the banks moved in time to prevent any loss of life and for the most part saved most of their property.

he wrote. The only damage is to summer cottages and shanty boats anchored along the shore. The coast guard station moved in when the river began to rise. The moving in was accomplished by hand power one end of the chains being made fast to the shore and the other to a hand winch aboard the boat.

The river runs full of debris during high water. Mr. Williams wrote and this is a menace to the fast moving coast guard motorboats.

## 150 AT MEETING OF YOUNG PEOPLE HERE

Evangelical Churches of District Represented in Rally Sunday

One hundred and fifty young people from Upper Sandusky, Bucyrus, Brokenwood Beach and Marion attended a district rally of Young People's missionary class yesterday afternoon at the Calvary Evangelical church.

A talk on "Vision" in which future work of the circles was discussed was given by Miss Helen Sanders of Akron branch secretary.

Talks were given by young people of the Marion Greenwood, Marion Oakland, Upper Sandusky, Bucyrus and Beach Salem churches and devotionals were conducted by the young people of the Bucyrus church.

Miss Kathryn Zachman, Miss Freda Zachman, Mary Jane Zachman, George Wietzel, Ruth Zachman, Esther Selander and Virginia Rutherford of Marion Calvary church presented a play, "I Be His Disciple."

The place of the fall rally was not decided.

## PASTORS, LAYMEN AT CONFERENCE HERE

11 Marion County Methodist Churches Represented at Communion Meeting

Methodists from 11 Marion county churches in the Ohio conference met for a quarterly conference and communion yesterday afternoon at the Prospect Street M. E. church. Approximately 240 ministers and laymen were present.

Dr. Walter P. Cantor, 11th district superintendent, conducted a communion service and heard reports from the various churches in Marion. Moral LaRue, Prospect, Agost, Green, C. and Waldo.

Dr. Cantor expressed the hope that similar meetings might be held in the future as a means of further unifying the Methodist churches in the county.

The communion address was an evangelistic sermon on "Compromising With the World" delivered by Rev. L. J. Poe of Agost. The Prospect Street vested choir sang an anthem. In Remembrance of Thee by H. von Bege directed by Miss Clara Trefz and with Miss Dorothy Briggs at the organ.

Yesterday morning Dr. Cantor preached at the Zion and Bethle hem churches south of Union.

### In Ohio History

(On the J. H. Caldwell of the Ohio Historical Society, written for The Associated Press)

So far as the writer has examined their works the historians of Columbus give no explanation of why the north and south streets of the city though they intersect the east and west streets at right angles do not follow the cardinal courses of the compass—nor the bound streets bearing 12 degrees west of north and easterly bound streets bearing 12 degrees north of east.

The late T. S. Sheldon long associated with the Hocking Valley railroad believed he had a partial explanation. He pointed out that these were the bearings of the streets on the original map of Frankfort which was 17 years old when Columbus was established to be the capital of the state.

## BOY AND PARENTS MUST GO TO CHURCH

By The Associated Press  
CADIZ, O., March 20.—A 10-year-old boy of 11 and his parents attended church yesterday under court order. The sentence was for the boy's alleged misbehavior in school. Probable Judge Fred J. Wagner who declined to reveal the churchgoers' names said he blamed the parents for being lax with the boy at home so directed all to go to church every Sunday for six months under penalty of a reformatory sentence for the youth.

## CCC ENROLLMENT OPEN TO VETERANS

Application from Ex-Service Men To Be Received from April 1 to 15

Marion city and county veterans who wish to enroll in the civilian conservation corps may make application from April 1 to 15 at the Marion county Red Cross chapter office in the Y. M. C. A.

The Cleveland district which includes Marion has been given a quota of 225 men to enroll to make replacements for veteran camps. Selection and eligibility will be determined as in the past according to William L. Marlin, manager of the Cleveland office. A veteran who has been discharged from a CCC camp for reasons other than administrative is not eligible for re-enrollment until one year after the date of his discharge. Veterans who have been discharged from a camp for administrative reasons are not eligible for re-enrollment. Veterans who desire to enroll must be certified by a public relief agency indicating that the veteran is receiving either direct or work relief from the organization.

## Mrs. Thurn Tells How Good Cookies Are Made

Dear Friends in Marion: There is no time and place for baking but any time in a kitchen and any place is brighter when the cookie jar is full.

Refrigerator cookies are so very good. Quickly blend the shortening, divide and make into balls. Chill thoroughly or the roll is firm, slice thin and bake at a temperature of 350 degrees.

As I am giving you a recipe for good rolled cookies, this is a variation of the recipe and by using ingenuity a great variety of nice cookies may be made from this one recipe. A few suggestions would be: sprinkle mixture roughly with coconut and roll in sugar before cutting. Sprinkle mixture with cinnamon and sugar before cutting. Sprinkle mixture with heart diamond and club cutters. When baked, ice the hearts and diamonds with a red frosting and the spades and clubs with a chocolate frosting.

**Cookies—Foundation Recipe**  
Blend together one half cup of shortening with one cup of sugar. Add two eggs well beaten. Sift one and one-half cups of flour with two teaspoons of baking powder and one half teaspoon of salt and one half teaspoon of nutmeg or other spice if desired. Add to sugar and shortening mixture. Add two tablespoons of milk and an additional one and one-half cups of flour. One teaspoon of any desired flavoring may be added. Chill in refrigerator so as to get a mixture that can be handled. Use a small portion at a time. Roll on a floured board or put into a pastry cloth and shape as desired. Place on a greased cookie sheet and bake for about 8 minutes in a 350 degree oven. This recipe makes five dozen.

**Two Waivers—Crisp Cookie**  
One half cup of shortening, one cup of pastry flour, one half teaspoon vanilla, one half cup sugar, one egg, one fourth teaspoon salt. Blend sugar, shortening and un-

beaten egg. Sift together the flour and salt. Add vanilla and flour to sugar and shortening mixture. Drop by teaspoonfuls two inches apart on a greased cookie sheet. Place half a pecan on each mound and bake in a 400 degree oven for 12 to 15 minutes. These wafers are very delicate and should not be browned except just around the edge. This recipe makes 18 wafers.

**Raisin Bars—Chewy Cookies**  
One cup sifted flour, one teaspoon baking powder, one half teaspoon salt, one cup sugar, two eggs well beaten, one tablespoon melted shortening, two cups finely cut raisins, one half cup broken nut meats, one tablespoon hot coffee or milk.

Sift together the flour, baking powder and salt. Add sugar and melted shortening to eggs. Add raisins and nuts then flour. Mix well. Add hot coffee or milk. Bake in two greased pans 8 inches square at a temperature of 325 degrees F. for 30 to 35 minutes. Cool. Cut into strips and roll in powdered sugar.

Cookies are a universal favorite but especially so when they are cut into fancy shapes and made by the recipes found in Mrs. Thurn's letter today

Onions stuffed with Ham  
Green Asparagus  
Cottage Cheese Salad  
Pineapple  
Coffee or Tea

Radish and Celery Apples  
Stuffed Flank Steak  
String Beans  
Browned Potatoes  
Rhubarb Pie  
Coffee or Tea

Tomato Juice Cocktail  
Casserole of Veal and Vegetables  
Combination Salad  
Gingerbread Lemon Sauce  
Coffee or Tea

Rhubarb Pie  
One and one-half cups rhubarb

1 cup sugar one egg two tablespoons flour pastry  
Skin and cut stalks of rhubarb into half inch pieces before measuring. If the rhubarb is small and tender it need not be skinned. Mix sugar, flour and egg add to rhubarb and bake between crusts. If you prefer a rhubarb pie that is less tangy scald the rhubarb before using.

**Stuffed Flank Steak**  
Two cups of soft bread crumbs, two tablespoons chopped parsley, one and one-half pounds flank or round steak, 1 small onion chopped fine.

Combine the bread crumbs and seasonings. Pound the steak until thin. Sprinkle with salt and spread with the dressing. Roll shape and sear on all sides to a crisp brown. Add enough meat broth or water to cover the pan to one half inch. Cover and cook until tender which will take from one to one and one-half hours.

**Casserole of Veal and Vegetables**  
Have two pounds of breast or shoulder of veal cut in cubes. Boil them in hot fat then sprinkle with three tablespoons of flour. Brown. Add three cups of water or soup stock or tomato juice if desired. Cook slowly for an hour, covered. Then add onions, carrots, turnips, and small potatoes. Continue cooking from half to three quarters of an hour on top of the stove or in the oven. Other vegetables may be added if desired such as peas or beans.

## RECIPE REQUESTS ANSWERED HERE

**Cheese Cakes**  
One and one-half cups cottage cheese, one half cup sugar, three eggs three tablespoons top milk or cream, grated rind of one lemon, pastry.

Mix together the cheese, sugar, cream and lemon rind then add the eggs well beaten. Line muffin tins with pastry and fill two thirds full with the cheese mixture. Bake in a 350 degree oven for about 15 minutes.

**Dropped Molasses Cookies**  
One half cup shortening, one cup sugar two eggs one half cup milk one half cup molasses, one half cup raisins three cups flour, three teaspoons baking powder, one teaspoon cinnamon one half teaspoon cloves.

Blend the sugar and shortening. Add the well beaten eggs, then the milk molasses and raisins. Mix together the dry ingredients. Drop by spoonfuls on greased pans some distance apart. Bake in a 325 degree oven for 10 to 15 minutes.

**Tomato Dumplings**  
Sift, then measure two cups of flour. Add three teaspoons of baking powder. Break into a cup one egg and fill the cup with tomato juice.

Sift dry ingredients into a bowl, add liquid and mix lightly with a fork. Drop by tablespoonful into meat gravy. Cover closely and cook 15 minutes without removing cover. Garnish with fresh chopped parsley.

**Corned Beef Croquettes**  
Two tablespoons shortening, one half cup mashed potatoes, one fourth cup milk one and one-half cups finely chopped corned beef two tablespoons chopped parsley one well beaten egg egg and bread crumbs 1 tablespoon finely chopped onion and seasoning to taste.

Melt the shortening in a sauce pan, add the mashed potatoes and milk, beat thoroughly. Then add the meat, parsley, onion, seasonings and egg. Spread the mixture on a platter and when cool shape into croquettes. Coat with beaten egg and bread crumbs and fry in golden brown. These croquettes are delicious when fried in deep fat.

## TICKET SALE AIDS CONVENTION FUND

Share of Movie Proceeds Goes to Music Teachers' Event.

The fund which will be used to entertain Marion's first state convention of the year, the Ohio Music Teachers' association, will be benefited by sale of tickets for "The Melody Lingers On" the picture which will be shown next Thursday Friday and Saturday at the Ohio theater. The convention will be held May 3-7.

The Marion Music Teachers' association will sponsor the picture with cooperation of the Girl Reserve of the city.

Members of the Girl Reserve are in charge of the sale of tickets. Josephine Hutchinson and George Houston, one of Hollywood's new romantic actors, portray the leading characters in the story. David Scott, who plays an important role, once quit pictures because he was afraid he was getting by on his personality rather than his ability. He worked in several stock companies up and down the Pacific coast, finally landing on Broadway where film scouts promptly rediscovered him and hurried him back to Hollywood.

# Enlarged Spring Sports Program Planned for Marion

## NIGHT SOFTBALL AND HANDBALL LEAGUES ARE NEW FEATURES

Golf, Fishing and Other Out-of-Doors Recreation Replacing Winter Activities.

Entering upon the threshold of the spring season, Marion sports fans are turning their efforts and recreational time to new fields of diversion. The transition from the winter sports is and has been taking place so gradually that the program of the seasons overlap. Softball one of the foremost of the summer activities in Marion promises to hold more interest than ever before for both players and fans. A proposed night league, with games three nights each week under the lights at Lincoln park together with three complete leagues for twilight games are in the process of formation under the direction of the Marion softball commission.

A well rounded program with many new attractions will be offered Marion sports enthusiasts during the coming spring and summer season. In scholastic circles high school athletes are looking forward to a spring track season which will overshadow any previous endeavors in that line. Other scholastic players have their eyes and ears peeled for the first announcement of spring football practice which isn't far in the offing.

Hardball League Planned  
Hardball fans of the city took on new hope for local games, following a recent meeting of interested persons, arranged in an effort to rejuvenate the sport in Marion. If their efforts are successful, Marion will see a city league with baseball teams in action every Saturday afternoon. The diamond sport once a big drawing card will be reoffered to the city if present plans are successful.

Y M C A members young and old are turning from the indoor sports of volleyball basketball gymnastics and other recreation to invigorating sports which come with the spring and summer seasons. The youngsters are awaiting the opening of city playgrounds. They will mark the completion of their winter gymnastic training with a circus celebration to be held during next month.

Outdoor athletes having already been scouting around for likely fishing spots and several early wide have already reported fine catches.

Even before the old lawn mower is taken from storage for its first workout, the fishermen have prepared their tackle and are waiting for the first opportunity to try his luck at the banks of the Scioto or wherever a likely spot is found.

Golf Season Near  
Along with fishing comes boating swimming and outdoor motorboat races which each year attract many persons. Fans have more than the usual to look forward to this year.

The spring weather evident during the month of March has also brought out the golf bug. The contagious bite was first felt several weeks ago when backers of the two Marion courses began preliminary plans to open within the near future. The Marion Country club course in excellent condition after an unusually severe winter will open early next month and the Mar O-Del course Marion's public links will be invaded approximately the same time.

Auto and horse racing will receive a just share of the sport fans interest with assurance that Marion will be offered a splendid program in each line. Horse racing addicts will be given a full round of the harness sport and auto racing will make its debut here sometime during May.

Professional wrestling which probably originated as an out door sport will move to its natural habitat as soon as weather permits. Fans who now are entertained each week at the school gymnasium will be seeing their favorites and nonfavorites perform in outdoor matches within a short time.

## Dykes Sees White Sox Better Ball Club Than Last Season

JIMMY DYKES

(This is the first of a series of eight articles written for the Associated Press by major league managers.)

By JIMMY DYKES  
Chicago White Sox

PASADENA, Calif.—The White Sox provided we have just a fair amount of luck will be a strong contender for a place in the first division of the American league this year.

We finished fifth in 1934 and I believe we have a better ball club this season. The team is young generally speaking but the boys received good seasoning in the last campaign. They're hustling and the spirit of the entire outfit is fine.

We have enough veterans in catches. Even before the old lawn mower is taken from storage for its first workout, the fishermen have prepared their tackle and are waiting for the first opportunity to try his luck at the banks of the Scioto or wherever a likely spot is found.

## LAWSON LITTLE JR. TO TURN GOLF GUNS ON OPEN COMPETITION

Plans To Pass Up Defense of British Amateur Crown To Play Here

By The Associated Press  
AUGUSTA, Ga. March 30.—Having mopped up the amateur fields at home and abroad for two straight years, it seems altogether logical to William Lawson Little Jr. to seek faster company and turn his big guns in the direction of open competition this spring.

He's definitely decided he said today to pass up defense of the British amateur crown which he can compete in the American open at Baltusrol N. J. early in June. The Californian and his bride hope to take a belated honeymoon trip to England so that he can make a second bid for the British open crown, but this is only a possibility.

Here for his second start in the Augusta national invitation tournament in which he finished sixth last year with 288 the amateur king's prospective plan of campaign doesn't necessarily mean that he has become bored with the monotony of conquest among the slamon pures or that he has reached any decision as to the opportunities to be derived from turning business man golf.

Since he registered two little slams in amateur competition, there have been recurrent reports that the Californian contemplated making a career of the game. Unquestionably he has had attractive inducements.

He's a syndicate writer now pounding out his own stuff and going in for candid camera studies on the side.

This year Lawson Little is anxious to see what he can do in the American open, he said today. The dates for this and the British amateur are such that I could not play in both without making a transatlantic flight. I'll go abroad later if at all.

Little has competed in only five open tournaments. He captured one of them the Northern California open two years ago.

Little has shot rubber golf consistently here the past few days turning up for the tournament that starts Thursday with Bob Jones returning to the work for his one competitive shot of the year.

Lawson outclasses amateur rivals and has everything necessary to make a great medal player said Tommy Armour. He has improved 1000 per cent in the past two years. He has all the shots now plus power confidence and a new in control.

The new incentive Mrs. Little has taken up golf herself. She hopes soon to break 100.

THE NUMBER of entries for 24 of the state events at Mar 30 has been announced. An 18 cream of 15 over 18 years of age list of eligibles. All Fred G. Van derbilt heads the list with 275 entries followed by C. V. Whitney with 102.

## TRAINING CAMP BRIEFS

By The Associated Press  
CLEWATER—The Dodgers it has been learned have offered Joe Stripp to the Cards the latter club having been interested in him and the Dodgers in some of the younger members of the Red Bird squad.

ALEXANDRIA—The knee that kept Bill Terry out of the Cardinals lineup at Fenwick seems to be coming around all right. He made four hits in six times at bat in the last three games.

BRADENTON—Manager Charles Grimm of the Cubs planned to send a pair of left handers Poy Henshaw and rookie Wesley Flowers against the Cards today. He also decided to return to first base after two days of rest.

AUSTIN, Tex.—Mule Hines has been doing a good job playing first base for the White Sox in place of holdout Zek Bonura. He drove in two runs yesterday with a double and two singles. Ira Hutchinson and Red Evans, recruits, are Jimmy Dykes' choices for mound duties against the Pirates today.

WINTER HAVEN—The Reds were here today to play the Phillies. St. Johnson was scheduled to pitch having been moved up to take the place of Derringer who is in Mexico.

ALEXANDRIA—Steve O'Neill is particularly pleased with Willie Huddell who seems to be rounding into top form. He allowed only two hits in four innings against the Giants yesterday. George Blacholder and Clint Brown were scheduled to pitch against the New York club today.

AUSTIN—The Pirates said good bye to San Antonio with a lot of backslapping for old man Gus Suh. The veteran first baseman came out of a long spring batting slump to pound in the winning run in the first two games with the Chicks.

GRIFIN, Ga.—The Athletics play a semi pro club here today and some of the wags are saying they have at last found their proper class. The Atlanta Crackers beat them yesterday, the Mackmen going hitless in seven innings against Bobby Turham.

To ad commercial aviation experiments are being conducted in transmitting both voice and radio radio signals on the same frequency. The former has been used in telephones and the latter operating a radio in the interior of an instrument board.

## MERCHANTS SEEKING FUNDS FOR COLLEGE SPORTS PROGRAM

Bluffton's 2,000 Residents Canvassed for Money To Finance Athletics.

By The Associated Press  
BLUFFTON, O. March 30.—Bluffton college will have a spring sports program despite the low state of the athletic department budget for Bluffton merchants have started a competition among themselves to raise money for the teams.

Dividing into two teams the merchants seek to outwit each other in raising money among the town's 2,000 residents.

Methods used include soliciting contributions advertising schemes passing the hat and others well known to money campaigners.

Captains of the two teams will take turns at throwing out the first ball in the college baseball games and then will return to honor seats in the stands. Students plan to make the honor seats real honors bequeathed with ribbons, alikes and laces.

A C. Burck Bluffton coach reported general interest in college sports rising as a result of the competition.

## M'SHANE, CLEMMONS TO WRESTLE TONIGHT

Allen County Sheriff Unable To Fill Engagement as Special Program Feature

Danny McShane of Hollywood Calif. is one of the seven performers who will entertain wrestling enthusiasts at the Shovel symposium tonight. McShane is booked to meet Frankie Clemmons of New York City in one of the two main bouts. He will scrap over the 90 minute period with two falls to win.

The other main scrap is set for the best two out of three falls with time limit and will bring together Ted Walters and Andy Tremaine. The grapplers scrapped to a 90 minute draw here last month in a match which was packed with plenty of action.

The appearance of Sheriff Ralph S. Marshall of Allen county who was to give an exhibition of truck shooting was cancelled following a wire received this morning by Sheriff Fred F. Miller of Marion county. The cancellation was necessitated by the death of Sheriff Marshall's mother.

The wrestling program will be in tonight at 8:30 o'clock with a 20 minute preliminary bout.

## New Faces Dot Lineup Columbus Red Birds

Ogrodowski by grad the Birds to the new

Mike Martynik is a new face in the Red Bird lineup. He won 20 and lost 10 in 31 games. He won 31 out of 32 games in 1934. He looks like a great promise. Another "find" in Tom Seats and lost nine for 31 last year.

Probably the greatest shown in Phillip M. Traub Jewish lad and subbed in for Manager Bill Traub. He broke into the lineup in 1931 when Mississippi Valley let him go. He went to the mid season of 1934 of the ball at a 401 clip.

At this stage the club has a veteran out world of power and has been well tried staff with great promise. The pitching force consists of the battery of Bladon and Bladon.

Bladon and Bladon are a wire received this morning by Sheriff Fred F. Miller of Marion county. The cancellation was necessitated by the death of Sheriff Marshall's mother.
